

UZI® Pro
Instillation of the
Stabilizing Brace

REMOVING THE BASE COVER

- ▶ Remove the UZI Pro base cover roll pins with a 2.5 mm punch and hammer.
- ▶ Slide the base cover up to remove it.

ATTACHING THE STABILIZING BRACE

- ▶ Slide the stabilizing brace down onto the UZI Pro.
- ▶ Insert roll pins and hammer into the stabilizing brace until roll pins are level with the brace.
- ▶ Use a 2.5 mm punch and hammer to recess the roll pins.
